What is the Q6A?

The Q6A questionnaire is given to students by the lecturer in order to obtain the views of students on their experience of an academic module. The feedback enables the lecturer to review the module delivered. The Q6A survey is available as a paper form or through an online survey in Brightspace. The instructions below relate to making the survey available in Brightspace. The results of the Q6A are anonymous, are available to the relevant lecturer, and are retained by the relevant lecturer.

NB – PLEASE READ - MAKE SURE THE Q6A IS ANONYMOUS!

If you already have a Q6A survey in your module (under “Assessment” – “Surveys”), please make sure that the survey is set as “**anonymous**”.
