

Guidance for students who become unwell with possible COVID-19 symptoms while on campus

In the event that you begin to feel unwell on campus, during your working day, and particularly if you experience symptoms associated with COVID-19 e.g. cough, shortness of breath, breathing difficulties, fever or chills, lost or change to taste or smell, you should immediately take the following steps:

DO YOU HAVE A CAR AND FEEL WELL ENOUGH TO TRAVEL HOME?

NO

Isolate immediately from other people and telephone the student health centre

They will assist you in accessing the isolation room

Wear a face covering

Keep a distance of at least 2 meters from others

Avoid coming in contact with people and touching surfaces and objects where possible

Avoid returning home by public transport if that is how you travelled to the campus

If possible ask someone from your household to collect you from the campus

Where a family member or friend is not available to collect you, the university will organise a taxi for you that has a barrier between you and the driver

YES

Isolate immediately from other people and telephone the student health centre

Wear a face covering

Keep a distance of at least 2 meters from others

Go directly home

Avoid coming in contact with people and touching surfaces and objects where possible

Self-isolate and follow the advice of the student health centre

The Student Health Centre may advise the following

You do not need a test but should remain self-isolating

You need a test a should remain self-isolating while waiting for the results

You need to attend a COVID Assessment Hub

You need to attend an Emergency Department
