Subject: Welcome Back to Semester Two
Date: Monday 25 January 2021 12:01:37

Dear Students,

Welcome back to Semester 2! We hope you and your families were able to enjoy the Christmas and New Year break, and that your exams and assessments went well.

As you know, public health restrictions in place until 31 January mean that on-campus activity cannot resume for the moment. The situation is expected to be updated by Government later this week and we will contact you as soon as possible to inform you about arrangements from 01 February.

In the meantime, your programme will resume virtually so please stay in touch with your School and your lecturers. The Library Service online resources are available 24/7 but it is also possible to access the print collections via the '[Click and Collect](#)' service. It is still possible to apply for the Student Laptop Loan Scheme – please find details [here](#).

All student support services are available by phone, email or video chat so if you need their assistance please do not hesitate to contact them, whether it's the Health Centre, the Counselling Service, the Academic Writing Centre, or Societies and Sport. All details are available [here](#).

We wish you continued success with your studies for Semester 2.

Kind regards,
Update Team
