Understanding the Student Academic Standing

What is Academic Standing?

Student Academic Standing refers to a student's status or performance level in their registered academic programme, based on their cumulative ECTS Credits and Grade Point Average (GPA).

It enables TU Dublin's schools to determine whether a student is meeting the academic expectations specific to their registered programme; hence, Academic Standing indicates progression towards qualifying for

the designated TU Dublin award. Categories of Academic Standings in the [Assessment Regulations for Taught Programmes](#) include: Programme Complete; Pass Progress; Programme Incomplete; Progress Carrying Credits, and; Fail Resit/Fail Repeat. There is provision for Appeal of Assessment Results, and upon which, if such appeal is upheld, the Student Academic Standing is amended accordingly.
