Empowering Female Talent

Spotlight Role Models Series

Hi! We are TrailblazHER™,

a TU Dublin led **community** of people, organisations, and enterprises working together to **support gender equality**.

Working with partners across Ireland, we support women at key stages of their journey.

Our work spans **schools, higher education, the workplace, and enterprises**.

What is the Spotlight Role Models Series?

The Spotlight Role Models Series is a short video series showcasing **women across all sectors and life stages.**

Each episode offers a glimpse into each woman's world, their choices, and their definition of success.

Why we do it

Every story is a reminder that progress **takes many forms**, and often starts with one moment being seen.

Spotlight Role Models is built on the belief that role models should **feel real and reachable**, and that lived experience at every stage can **open a door for someone else.**

How it works

- 1** We schedule a recorded interview at TU Dublin. Filming can also be arranged at your workplace, or online.
- 2** The interview takes max 1 hour.
- 3** Questions are tailored to each participant, and the conversation flows naturally through key moments, influences, and learnings.
- 4** We edit the footage into a short Spotlight feature and share it with you for approval before publishing across TrailblazHER™ social channels and website.
