

Academic Hub & Library

The Academic Hub & Library will provide a range of academic services and facilities to the entire campus. All library collections and services will be based there along with our Academic Writing Centre, Careers Development Centre, Disability Support Centre, Training and Development, and Maths Learning Centre.

Designed by award-winning architects, the Academic Hub will be visually unique, incorporating the existing North House building, which dates from 1854, into a new, modern structure that will wrap around the historical site – complimenting and enhancing it.

Students will enjoy bright, state of the art facilities designed to promote and enhance the learning experience. When not studying they will be able to relax in the ground floor café or enjoy the spectacular views of the campus and the city from the building's roof garden.
