Engineering Summer Internship

May 27th - September 6th

Are you ready to kickstart your Engineering career? ESB is Ireland's foremost energy company – Join us in achieving Net Zero by 2040.

Our Summer Engineering Internship programme is the perfect opportunity for you to apply the knowledge that you have learned so far at university. As an Intern, you will learn valuable skills from our experienced engineers and have the opportunity to gain a place on our Undergraduate and Graduate Programmes.

We are hiring Electrical, Mechanical, Civil, Telecoms, Quantity Surveying, Planner, Environmental, Energy and Chemical Engineering Interns in Dublin, Cork and in the Southwest of Ireland.

You will be assigned to work either on a project with other Interns under an ESB mentor or as an assistant to one of our engineers in an engineering or delivery team. Opportunities to learn and contribute will be available daily.

Please express your interest via this link. [Application Form](#)

Applications close on the 11th of March
