

Change the Activity Size in Syllabus+

The screenshot shows the 'Activity Editor' window with the 'Sequencing' tab selected. The 'Details' section contains the following fields:

- Name: COMP 1000(27626C)/Engineering Computing/
- Host Key: 127128C
- Description: Engineering Computing
- Duration: 8 (dropdown) 02:00
- Activity Type: Laboratory (dropdown)
- Planned Size: 24 (dropdown) ☒ Use Planned Size
- Zone: [None] (dropdown)

The 'Planned Size' field is circled in red. The 'Sections' section is empty. The 'Delivery' section contains the following fields:

- Module: COMP 1000(27626C) (dropdown)
- Department: Multi Disciplinary Technologies.City (dropdown)
- Course: [None] (dropdown)
- Programmes: DT066A/1 (dropdown)
- Template: (dropdown)
- Real Size: 0 (dropdown)
- Availability: Semester 1 (dropdown)

The 'Group' section contains the following fields:

- 1 (dropdown)
- DT002A/2A (dropdown)
- DT112A/1 (dropdown)
- And add to: (text field) ☒ Keep

The 'Tags' section contains the following fields:

- Scientia-ET-JointChild (text field)
- Scientia-ET-JointParent (text field)
- And add to: (text field)

The 'User Text' section contains the following fields:

- 4-16 (text field)
- User Text 1 (text field)
- User Text 2 (text field)
- User Text 3 (text field)
- User Text 4 (text field)
- User Text 5 (text field)

At the bottom right, there are 'OK' and 'Cancel' buttons.

Double click on the Activity to open the Activity Editor, overwrite the number in Planned Size and click on OK
