

How to Edit Student Sets in an Activity in Syllabus+

1. Click on the activity you want to add the student set to, then click on Edit Activity and Edit Student Sets.

2. This will bring up the Student Set Editor. The available and selected student sets are listed. To select the student set, click on it (blue highlight) and use the arrows to move it between the 2 windows. The Selected window indicates which student sets are to be attached to the activity.
