

School of Biological and Health Sciences

TU Code	DT Code	Mode	Programme Name	Stage	Mode	Typical On-site Days	Online Delivery	Comment
TU287	DT236P	PT	MSc Clinical Laboratory Science	1	Bespoke	Not applicable	Continuing online delivery. On site induction (date tbc)	Part time professional programme which is currently blended; online teaching will continue; induction and specialist teaching requires attendance in dedicated blocks
TU287	DT236P	PT	MSc Clinical Laboratory Science	2	Bespoke	Not applicable	Continuing online delivery	Part time professional programme which is currently blended; online teaching will continue; induction and specialist teaching requires attendance in dedicated blocks
TU751	DT259	FT	BSc Biosciences (Ord)	1	Bespoke	Monday	All non-onsite days; both synchronous and asynchronous	Some other days may occasionally required due to laboratory capacity issues
TU751	DT259	FT	BSc Biosciences (Ord)	2	Bespoke	Wednesday, Thursday	All non-onsite days; both synchronous and asynchronous	Some other days may occasionally required due to laboratory capacity issues
TU751	DT259	FT	BSc Biosciences (Ord)	3	Bespoke	Monday	All non-onsite days; both synchronous and asynchronous	Some other days may occasionally required due to laboratory capacity issues
TU755	DT212	FT	BSc Science (Ord)	1	Bespoke	Monday	All non-onsite days; both synchronous and asynchronous	
TU854	DT201	FT	BSc Science (Hons)	1	Bespoke	Friday	All non-onsite days; both synchronous and asynchronous	Some other days may occasionally required due to laboratory capacity issues
TU866	DT206	FT	BSc Biomedical & Molecular Diagnostics	1	Bespoke	Friday	All non-onsite days; both synchronous and asynchronous	Some other days may occasionally required due to laboratory capacity issues
TU866	DT206	FT	BSc Biomedical & Molecular Diagnostics	2	Bespoke	Tuesday	All non-onsite days; both synchronous and asynchronous	Some other days may occasionally required due to laboratory capacity issues
TU866	DT206	FT	BSc Biomedical & Molecular Diagnostics	3	Bespoke	Monday	All non-onsite days; both synchronous and asynchronous	Some other days may occasionally required due to laboratory capacity issues
TU866	DT206	FT	BSc Biomedical & Molecular Diagnostics	4	Bespoke	Tuesday	All non-onsite days; both synchronous and asynchronous	Some other days may occasionally required due to laboratory capacity issues
TU867	DT204	FT	BSc Biomedical Science	1	Bespoke	Thursday	All non-onsite days; both synchronous and asynchronous	Some other days may occasionally required due to laboratory capacity issues
TU867	DT204	FT	BSc Biomedical Science	2	Bespoke	Tuesday	All non-onsite days; both synchronous and asynchronous	Some other days may occasionally required due to laboratory capacity issues
TU867	DT204	FT	BSc Biomedical Science	3	Placement	Placement		Student on clinical placement in hospital diagnostic labs
TU867	DT204	FT	BSc Biomedical Science	4	Bespoke	Variable (see comment)	All non-onsite days; both synchronous and asynchronous	Students select two of six modular options; different days are required to accommodate individual student selection and laboratory capacity
TU870	DT223	FT	BSc Human Nutrition & Dietetics	1	Bespoke	Thursday	All non-onsite days; both synchronous and asynchronous	Some other days may occasionally required due to laboratory capacity issues; attendance at Cathal Brugha Street required on some Wednesdays
TU870	DT223	FT	BSc Human Nutrition & Dietetics	2	Bespoke	Friday	All non-onsite days; both synchronous and asynchronous	Some other days may occasionally required due to laboratory capacity issues
TU870	DT223	FT	BSc Human Nutrition & Dietetics	3	Bespoke	Friday	All non-onsite days; both synchronous and asynchronous	Joint programme with TCD; additional attendance at TCD required
TU870	DT223	FT	BSc Human Nutrition & Dietetics	4	Placement/Project	Placement/Project		Students on clinical placement in hospital sites/completing thesis project
TU872	DT225	FT	BSc Public Health Nutrition	1	Bespoke	Thursday	All non-onsite days; both synchronous and asynchronous	Some other days may occasionally required due to laboratory capacity issues; attendance at Cathal Brugha Street required on some Wednesdays
TU872	DT225	FT	BSc Public Health Nutrition	2	Bespoke	Friday	All non-onsite days; both synchronous and asynchronous	Some other days may occasionally required due to laboratory capacity issues
TU872	DT225	FT	BSc Public Health Nutrition	3	Bespoke	Monday	All non-onsite days; both synchronous and asynchronous	Some other days may occasionally required due to laboratory capacity issues
TU872	DT225	FT	BSc Public Health Nutrition	4	Bespoke	Placement		Students on work placements for academic year, occasional defined attendance
TU886	DT226A	FT	BSc Biomolecular Science	4	Bespoke	Friday	All non-onsite days; both synchronous and asynchronous
