PART TIME UNDERGRADUATE PROGRAMMES

TU Code	DT Code	Title	School of Civil & Structural Engineering		Level	Mode	Programme Chair/ Co-Ordinator	Year	Onsite Days	Online Days	Comments
			7	P	7	P	Una Beagon	1	No onsite days planned at the moment, but an opportunity to attend on Friday afternoons once or twice in semester is expected.	Thursday evening (6-10pm) and Friday (9-6pm)	Online classes on Thursday evenings and all day Friday planned. However, depending on room capacities, we may be able to facilitate one or two sessions physically on a Friday afternoon. (to be confirmed)
								2	Friday morning (but not every Friday)	Thursday evening (6-10pm) and Friday afternoon	Exact details of Friday classes to be confirmed. Attendance on Friday morning likely to be every 3 weeks for surveying class - to be confirmed. On Friday mornings, on days when students are not attending for surveying class, they will be free (ie there will not be any online classes on those Friday mornings)
TBC	DT032	BEEng Tech in Civil Engineering						3	Wednesday evenings (twice in the semester)	Wednesday	Online lectures planned on Wednesday (9am-9pm) with physical attendance on a Wednesday evening twice per semester for labs.
								4	Monday evenings (6-10pm)	Tuesdays (9-5pm)	Monday night attendance may be every week or every other week for BIM computing class (to be confirmed)
								5	Wednesday afternoon (3-6pm) only twice in the semester for labs	Wednesday (9-3pm)	Online lectures planned on Wednesday 9-3pm. Attendance on a Wed afternoon for labs is required for 2 weeks (perhaps the first two weeks - to be confirmed). Students to arrange meetings with project supervisors separately as/f required. Project meetings are not shown on the timetable.
