

QUICK GUIDE TO YOUR NEW EMAIL ADDRESS

Your new email address is, in most cases, in the following format **studentnumber@mytudublin.ie** and you can access it using your current email password.

If you are a **returning student** any email sent to your former email address will automatically be re-directed to your new address.

If you wish to access emails, contacts and calendar events from your former email address you can logon to your former email account using your student number and current email password.

Keep forgetting your email password? If you register for **Self-Service Password Reset - tudublin.ie/password** you'll be able to reset or change your password 24/7. Registering couldn't be easier just provide an alternative email address, mobile number or provide answers for a number of security questions and you'll never be locked out of your email again.

For online services go to: **tudublin.ie/for-students/student-login**

Here's a quick reminder of the logon details for some of the most regularly used online services:

EDUROAM
Wi-Fi
