## **INTRODUCTION**

- 1.1 This Policy and Procedure are designed to inform both staff and managers of their responsibilities with regard to progression from Assistant Lecturer to Lecturer, the criteria by which an application is considered and the application process.
- 1.2 Progression is not a promotion and it is not subject to a competitive process. It does not depend on the availability of vacancies at Lecturer level or the establishment of new posts at Lecturer level for which applicants need to be sought.
- 1.3 An application will be considered in accordance with the principles of Circular Letter 03/05 and such consideration will be based on whether the applicant can be expected to fulfil the duties of the Lecturer contract. There will be no requirements asked of applicants which are not typically required of those already fulfilling the duties of the Lecturer contract.
- 1.4 In recognition that the academic manager assigns duties, range and level of teaching, etc. the decisions of the academic manager cannot be used as grounds to refuse progression.

## **2. PREPARATION FOR PROGRESSION FROM ASSISTANT LECTURER TO LECTURER**

TU Dublin must advise staff on appointment (and any existing Assistant Lecturers at the earliest opportunity) of the requirements for Progression.

Human Resources will:

- provide information on the requirements for Progression in the Candidate Brief and Appointment Letter and to all relevant academic staff (i.e. those who have met the qualification and service requirements but who have not yet applied);
- advise a new Assistant Lecturer that this policy and procedure can be found on the HR website;
- recommend to a new Assistant Lecturer that she/he discusses the matter of Progression with their Academic Manager at the earliest opportunity.

The relevant Academic Manager will:

- review the criteria for progression with all Assistant Lecturers in their School identifying their strengths. This should be done shortly after the appointment of new Assistant Lecturers and as soon as possible for all existing Assistant Lecturers;
- agree on the qualification(s) to be obtained by the Assistant Lecturer and confirm this in writing to him/her;
- identify possible opportunities and supports for the Assistant Lecturer engaging in appropriate non-teaching duties, research (where appropriate), scholarship activities and/or other relevant activities;
- schedule further meeting with the Assistant Lecturer to review the first draft of their application in advance of submission to the Progression Panel and provide appropriate feedback in writing;

**Where agreement is not reached between the relevant Academic Manager and the Assistant Lecturer on the qualification(s) to be obtained, a submission may be made by either party to the Progression Panel who will decide the most suitable qualification. This decision may be appealed by either party to the Progression Appeals Panel.**

### 3. SERVICE & QUALIFICATIONS CRITERIA

- 3.1 *'Assistant Lecturers will progress to the grade of Lecturer on completion of one year's service having reached the maximum of the Assistant Lecturer scale subject to a minimum of five years' continuous service in the grade **subject to ability, experience, academic qualifications, scholarship and demonstrated performance.** Possession of an appropriate defined postgraduate qualification or equivalent shall normally be considered an essential requirement. TU Dublin may award incremental credit for previous service in the Assistant lecturer grade in another institute or university. TU Dublin may require 5 years service in TU Dublin (or previously in DIT, ITB and ITT) before progression is considered.'*
- 3.2 The requirements set out at 3.1 apply to all Assistant Lecturers with a minimum of 5 years continuous service in the grade and having completed one year on the maximum of the scale. Some of the 5 years service may be acquired in another institute or university but the applicant must have a minimum of 2 years equivalent service in TU Dublin (formerly DIT, ITB and ITT) and the University must satisfy itself that the applicant has met the criteria for progression over the 5 year period.
- 3.3 *'An Assistant Lecturer with a PhD or equivalent and relevant research experience may be considered for progression after 3 years continuous experience. If successful, such an Assistant Lecturer may be placed on the first point of the Lecturer scale and remain on that point until five years service has been completed.'*
- 3.4 The requirements set out in 3.3 apply to all Assistant Lecturers with a minimum of 3 years' service and qualified to PhD or equivalent. A minimum of one year's equivalent service is required in TU Dublin (or previously in DIT, ITB and ITT).
- 3.5 Assistant Lecturers with a PhD or equivalent require 3 years continuous service. This service does not have to follow conferral of PhD or equivalent. Service prior to conferral of PhD or equivalent is acceptable for progression once it is continuous and in the grade.
- 3.6 Continuous service\* as a Permanent/Temporary wholetime Assistant Lecturer and Pro-Rata Part-time Assistant Lecturer (\*\*including equivalent part-time service) in TU Dublin, other Institutes of Technology and universities has been deemed by the Department of Education and Skills to be acceptable for progression.

*\*Service spent in a lecturing grade i.e. Lecturer, Senior Lecturer I, Senior Lecturer II or Senior Lecturer III in TU Dublin and other Institutes of Technology and/or service spent in a lecturing grade (equivalent or higher to that of an Assistant Lecturer) in a University may be deemed reckonable for the purposes of determining if an applicant meets the Service requirement for Progression.*

*\*\* Equivalent Part-time service only applies to Permanent/Temporary wholetime or Pro-Rata employees who wish to use part-time service prior to December 2001 towards continuous service criteria. Confirmation from the Head of School(s) and relevant Academic Manager will be required in order to ascertain if such part-time service was equivalent i.e. that it was regular service (sustainable for the entire academic year) and that the full range of duties associated with that service were equivalent to the grade of Permanent/Temporary wholetime Assistant Lecturer or Pro-Rata Assistant Lecturer.*

*Service in a Professional, Management and/or Support role following appointment as an Assistant Lecturer to TU Dublin (or previously in DIT, ITB or IT Tallaght) to a position which attracted a salary equal to or higher than the maximum point of the Assistant Lecturer scale for a period of 12 months or more\*\*\*, will be reckonable towards the service requirement for Progression. The work of the applicant in that role will be recognised by the Progression Panel as appropriate. Where such service is being used to meet the service requirement, the applicant must have returned to their substantive Assistant Lecturer position prior to making their application and if successful, they will progress to the Lecturer grade.*

*\*\*\* Where service in a Professional, Management and/or Support role is less than 12 months, the applicant's earnings for the duration of the role will be calculated on a pro-rata basis.*

### 3.7 QUALIFICATIONS

Applicants will be considered under A or B in accordance with which is more advantageous to the applicant.

#### A Normal Requirements

1. Have obtained a defined Masters\* degree since meeting minimum entry requirements  
OR
2. Have obtained the equivalent to 1 above e.g. Professional Accounting Qualification/Membership, Solicitor etc. in addition to obtaining minimum requirements

\* A Masters degree must have been obtained by thesis/examination. Eligibility will be based upon official evidence of a defined Masters qualification from a recognised degree awarding authority or an approved equivalent qualification.

*Where an Assistant Lecturer applies for Progression having been awarded a PhD or equivalent and is successful in their application for Progression, where appropriate, the effective date of Progression may be backdated to the date on which they successfully completed a confirmation examination for a PhD or equivalent registered at TU Dublin. Certified evidence of successfully completing a confirmation examination must be provided by the TU Dublin Graduate Research School\*\*. This provision applies for the purpose of Progression only.*

*\*\*Certified evidence from other higher educational institutes will be considered on a case by case basis.*
