

International Postgraduate Prospectus 2026/27

Ireland - Small Country, Big Welcome

Get ready to fall in love with the island of a hundred thousand welcomes (or as we say, céad míle fáilte). Ireland is friendly, safe, and packed with personality. Picture dramatic coastlines, rolling green hills, and cities full of music, culture, and good vibes. It's a place where strangers chat at bus stops, where myth and modern tech mix seamlessly, and where your classroom might just be a 200-year-old building with superfast Wi-Fi. With easy access to the rest of Europe, Ireland is the perfect launchpad for your next adventure.

Dublin - Your New Favourite City

Dublin is buzzing with energy. It's creative, curious, and full of character. You'll find music on the streets, art around every corner, and students from all over the world filling the cafes, libraries, and city parks. It's home to global companies like Google and TikTok, but also the best bookshops, food markets, and vintage stores. Want a quick walk to the sea or the mountains? No problem. Dublin offers the best of both worlds, city life with nature on your doorstep.

Why TU Dublin

Gianita Andriana, Indonesia - MSc Digital and Content Marketing

TU Dublin stood out as a university that could help bridge the gap between my existing knowledge and the practical, technical skills required to thrive in today's digital-first marketing landscape. As a technological university, TU Dublin is committed to equipping students with relevant, applied skills. The MSc in Digital and Content Marketing offers hands-on learning and is taught by lecturers and guest speakers with real-world industry experience. One of the key reasons I chose this program was the integrated work placement, which provides the opportunity to apply my learning in a real business environment and further develop my digital marketing expertise.

TU Dublin at a Glance

5 Campuses

Grangegorman, Aungier Street, Bolton Street, Blanchardstown, and Tallaght, connected across Ireland's capital.

27,000+ Students from Over 100 Countries

A vibrant, multicultural community where every student belongs.

Top 350 Young Universities in the World

Ranked in the Top 350 globally in the Times Higher Education Young University Rankings.

Affordable Tuition Fees & Flexible Payments

International fees range from €12,500–€21,750, depending on the course. Pay 50% to secure your place, and the remaining 50% by January 31st of the next year.

Career-Focused & Practical Learning

Hands-on projects, labs, and industry challenges designed to build real-world skills.

Internships & Global Exchange Opportunities

Many courses include work placements or study abroad through Erasmus+ and international partners.

Small Class Sizes & Personal Connections

Smaller cohorts and approachable lecturers create a supportive learning environment.

Industry-Qualified Lecturers

Many of our staff bring real industry experience into the classroom.

Globally Recognised Accreditations

Courses aligned with professional bodies like Engineers Ireland, Chartered Accountants Ireland, and the Law Society.

Ireland's Most Employable Graduates

Consistently named in The Irish Times as producing Ireland's most employable graduates.

Student Supports

Access medical care, counselling, career guidance, and academic support on campus.

Award-Winning Sustainability Initiatives

TU Dublin is a Times Higher Education Impact Award finalist and a leader in Green Campus initiatives.

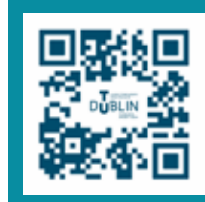

Our Campuses

TU Dublin offers five vibrant campuses across Dublin, each with world-class facilities, strong industry connections, and excellent student support. Together they create an outstanding academic and cultural experience for international students.

Grangegorman (City Centre)

10,000+ (growing to 15,000) students

- Largest higher education investment in a century
- Central & East Quads, Academic Hub, library & restaurants
- Science/tech labs, creative arts studios, sports pitches
- Fitness centre, theatre, hi-tech culinary kitchens
- Career Development, Disability & Maths Learning Centres

Aungier Street (City Centre)

5,000+ students

- Business & Management specialist campus
- Graduate Business School & ideation spaces
- Design labs, recording studio, library & restaurants
- Health centre and strong industry partnerships

Bolton Street (City Centre)

4,000+ students

- Over 100 years of Engineering education
- Workshops, 3D printing labs, architecture studios
- Automotive & aviation training
- Library, recreation spaces & restaurants

Blanchardstown (North West Dublin)

3,500+ students

- Cybersecurity innovation hub & computing labs
- Digital media studios & horticulture complex
- Sports hall, fitness centre, library & restaurants
- Medical & counselling services, social care practice spaces

Tallaght (South West Dublin)

5,000+ students

- Science & tech labs, hi-tech culinary kitchens
- Sports science centre with Olympic-standard facilities
- Fitness suite, digital media labs, library & restaurants
- Health & counselling services, entrepreneurship support

What Our Students Say...

Vishani Victor, India - MSc Internet of Things Technologies

After completing my undergraduate degree in Electronics and Communication Engineering, I worked as a Java Developer for 6 years in India before deciding to continue my studies. The increasing popularity of IoT based smart devices made me choose the Master of Engineering in Internet of Things Technologies at TU Dublin. The course was quite hectic at times, but the teaching and non-teaching staff were always there to help. The lecturers were very friendly, down to earth, and always approachable. The International Office have a lot of events throughout the year which helped me during my time in the University. During my third semester, I was offered a position in Liberty IT, where I now work as a Senior Software Engineer with a team trying to bring innovation in insurance claims.

Tan Yik Shoon, Malaysia - MSc Strategic Management

I chose TU Dublin for its international outlook and strong reputation in applied, real-world education. The MSc in Strategic Management (Financial Services) was a perfect fit, bridging business strategy and financial innovation two areas I was passionate about and eager to build a career in. I truly appreciated the way the course encouraged strategic thinking through current, practical content. It wasn't just theory - we explored case studies, global market issues, and real-life business transformation challenges. The lecturers were supportive, engaging, and well-informed. They brought both academic rigour and industry perspective into every session. Classes were collaborative, encouraging dialogue rather than passive learning. TU Dublin gave me strong foundation to build and elevate my consulting career. It opened the doors to digital transformation I never imagined, and now, culminating my most exciting opportunity yet - that I'll be starting as a Digital Banking Consultant in Sydney, Australia. This opportunity represents the next leap in my consulting career one that began with my decision to study at TU Dublin!

Roseline Balogun, Nigeria - MSc Culinary Innovation and Food Product Development

I have always had a passion for the food industry, and TU Dublin offered an affordable course that matched my goals. What stood out to me was the practical approach to learning and the constant engagement from lecturers who were approachable, experienced, and supportive. Each project was broken into stages with coaches guiding us from ideation to product launch, and every assignment tackled real-world problems. When I arrived in Dublin, it felt like such a calm, welcoming city, and people were genuinely kind and helpful. TU Dublin Career Services supported me extensively with interviews and CV updates, always offering a tailored approach. My degree deepened my passion for science, manufacturing, and product development, giving me the foundation to transition into the pharmaceutical industry. Absolutely, I would recommend TU Dublin to friends back home, not just for the academics but for the well-rounded experience that prepares you for life beyond the classroom.

Bridging & Pre-Sessional Programmes

Code	Course	Award	Intake	Weeks	Location	Fees €	IELTS
TU299	International Postgraduate Bridging Programme	n/a	Jul 26	8wks	Aungier Street	3500	≥5.5

What is the International Bridging Programme?

The International Bridging Programme at TU Dublin is an intensive 8-week programme developed especially for international students who need further English language preparation to progress to their postgraduate studies at TU Dublin. If you have already met the academic requirements for direct entry and just need to further improve your English, it is the ideal pathway for you.

English Language Requirements

Applicants whose first language is not English may be required to provide evidence of English language proficiency. The university accepts multiple English language proficiency tests, details of which are available on our website at tudublin.ie/elr. The certificate of your English language standard must have been issued within 2 years of the expected start of your course.

In relation to IELTS, the minimum score is 6.0 with no less than 6 in each component unless otherwise stated. Please be aware that some programmes require a higher score. Details can be found on individual programme pages.
