

Engineering Reliability Management typical salary scale for graduates within 1 - 5 years

Many of our Level 7 (TU710) students will have a choice of employment contract offers before graduation - some may also continue to further study (part-time or full-time).

Data from Morgan McKinley 2020 Salary Survey

“ *There is huge global demand for Engineering Reliability Management graduates who can fulfill a wide variety of roles in the sector.*

- John Brennan (Program Chair, TU Dublin)
